

Upon finally looking into TV's Baywatch

& a chase of nutzy  
girl by one piece

bathing suit blonde in K-  
Mart flipflops, who, there-

fore couldn't run fast,  
remaining terrific-

ally erect, so her tits  
wouldn't plop out:  
a super-abundance

of forces & stresses. Hey!  
it's fuckin physics.

Of some matter, then,  
nitpickers.
